

PRESTIGE AWARDS

CENTRAL ENGLAND 2025/26

WINNER

SPECIALIST RESIDENTIAL BUILDER OF THE YEAR

Basement Homes Ltd

BH

Led by Company Director Andrew Standen, Basement Homes has spent the past decade establishing itself as a specialist in insulated concrete formwork construction. The Hampton in Arden-based company delivers newbuild basements, bespoke homes and carefully designed extensions using ICF systems that provide exceptional structural strength alongside impressive thermal performance. By combining technical expertise with a hands-on approach, Andrew's team ensures projects run smoothly while maintaining the standards that have positioned the firm as a recognised leader in modern construction. Its focused team structure allows every detail to receive close attention.

The judges were impressed by the company's commitment to delivering a highly personal service throughout every stage of a build. As the main point of contact for clients, Andrew keeps them fully up to date on the progress of their projects and remains fully committed to each one from start to finish. Clients receive photographs and direct communication from a WhatsApp group, creating reassurance during what is often a major financial and emotional investment. Transparent pricing, dependable delivery and consistent five-star reviews further demonstrated a business that places trust, care and long-term satisfaction at the centre of every project while maintaining positive relationships with neighbouring residents.

“
Basement Homes delivers specialist ICF construction with transparent communication and highly personalised client service.
